

Yulia F. Astuty

Aspiring Data Analyst

574-240-5128 | Yuliafujiaastuti@gmail.com | www.linkedin.com/YuliaFujiAstuty | github.com/Fujian14 | <https://fujian14.github.io/>

SUMMARY

Aspiring Data Analyst skilled in SQL (MySQL), Microsoft Excel, Tableau, and Power BI, experienced in data cleaning, exploratory data analysis (EDA), and dashboard development through hands-on portfolio end-to-end projects.

SKILLS

SQL: MySQL, CTEs, JOINS, GROUP BY, CASE, Window Functions, Aggregate Functions

Excel: XLOOKUP/VLOOKUP, PivotTables, Conditional Formatting, Data Cleaning

Data Visualization: Tableau, Microsoft Power BI

Python: Pandas

Analytics: Data Cleaning, EDA, KPI Analysis, Data Visualization

PROJECTS

Freelancer Data Set: Data Cleaning & Exploratory Data Analysis (EDA) | SQL (MySQL) |

Personal Project

Jul 2026

- Cleaned and standardized 905 freelancer records using SQL staging tables, CTEs, ROW_NUMBER(), UPDATE, DELETE, and data type conversions. Validated data quality and identified 0 duplicate records.
- Improved data quality across 10+ attributes by standardizing names, gender, activity status, hourly rates, and client satisfaction while converting blank values to NULL and normalizing percentage-based data for analysis.
- Performed SQL based EDA using GROUP BY, CASE, aggregate functions, window functions, and views to analyze skills, countries, experience, ratings, and pricing; found 863 of 905 records (95.4%) represented freelancers aged 21–59.

Freelancer Data Set: Freelancer Analytics Dashboard | Microsoft Power BI | Personal Project

Jul 2026

- Built a 5-page interactive Power BI dashboard analyzing 905 freelancer records, using KPI cards, slicers, bar charts, donut charts, and calculated measures to enable dynamic analysis.
- Analyzed freelancer demographics, earnings, and skills; found 95.4% (863/905) of records were aged 21–59 and identified Web Development and AI as the highest-rate skill areas.
- Evaluated performance and activity trends, finding 49.8% of freelancers were active and that Data Analysis and Cybersecurity had the highest inactive counts.

Coffee Shop Sales Analysis | Microsoft Excel | Personal Project

Aug 2026

- Cleaned and transformed 149,116 sales transactions in Excel by standardizing fields, creating revenue calculations, and adding 4 analytical categories for price, quantity, time, and monthly analysis.
- Built PivotTables and KPI analysis to evaluate \$698.8K revenue, 214K units sold, 9 product categories, and 3 store locations, identifying key sales and product trends.
- Analyzed sales performance and found Coffee generated 38.6% of total revenue, while monthly revenue increased 103.8% from January to June 2023, highlighting key growth trends.

Coffee Shop Sales Dashboard | Tableau | Personal Project

Aug 2026

- Developed an interactive Tableau dashboard analyzing 149K+ sales transactions and \$698K+ in revenue, using KPI cards, filters, charts, and interactive visualizations to monitor sales performance.
 - Transformed cleaned Excel data into 5 analytical views covering revenue, transactions, product categories, store performance, and time-based sales trends for faster business analysis.
 - Identified key sales trends, including 38.6% of revenue generated by Coffee products and a 103.8% increase in monthly revenue from January to June 2023, supporting data driven performance insights.
-

PROFESSIONAL EXPERIENCE

Volunteer / FSJ (Freiwilliges Soziales Jahr) | Kita Philipp Holl | Wiesbaden, Germany Oct 2025 – Apr 2026

- Collaborated with a multicultural team to coordinate daily activities, share information, and maintain consistent communication, demonstrating strong teamwork and collaborative communication.
- Observed and communicated changing needs, documented relevant information, and supported team decisions using structured problem-solving, critical thinking, and attention to detail.
- Adapted quickly to changing priorities and worked effectively with diverse individuals, strengthening communication, adaptability, task management, and collaborative problem-solving skills.

Volunteer / FSJ (Freiwilliges Soziales Jahr) | Kita Martin Luther Park | Offenbach, Germany Oct 2024 – Oct 2025

- Communicated effectively with children, parents, and team members in a multicultural environment, strengthening verbal communication, active listening, and interpersonal skills.
- Organized daily activities, maintained accurate information, and followed structured routines while demonstrating strong attention to detail, time management, documentation, and problem solving.
- Collaborated with a diverse team to coordinate daily tasks, resolve issues, and adapt to changing priorities, demonstrating teamwork, adaptability, organization, and professional communication.

Marketing Communications Intern | Aruna Senggigi Hotel & Resort | Mataram, Indonesia Oct 2021 – Apr 2022

- Analyzed marketing and customer information to support the sales team and promotional activities. Organized media coverage in Excel, and maintained accurate records for data driven decision making.
- Prepared and communicated marketing updates, coordinated with internal teams, and translated information into clear reports, presentations, and actionable insights, strengthening cross-functional communication.
- Managed multiple tasks and information sources with strong attention to detail, data organization, documentation, and stakeholder communication, while meeting deadlines in a fast-paced hospitality environment.

EDUCATION

Mataram Tourism College | Mataram, Indonesia Sept 2023
Associate Degree in Hospitality & Tourism
GPA: 3.7/4.0
